INTERCHANGEABLE *Figures*

Figures are of two sizes . . . CONFERENCE, averaging 5 inches in height . . . STANDARD, averaging 7 inches in height * On each page is given the size of figures available for the trophy illustrated . . . and also the exact over-all height of trophy with the figure shown. To determine the over-all height of a trophy with a different figure . . . take the difference between the height of figure illustrated and figure desired (heights listed below).

Following is a list of all available CONFERENCE and STANDARD Size Figures. The subject or sport is conveniently listed alphabetically; the stock number, page (if figure is illustrated) and height of each figure is given under its respective Figure Size Heading. NOTE: Any CONFERENCE Size Figure may be substituted for any STANDARD Size Figure at a reduction of $3.00. STANDARD Size Figures *cannot* be used in place of the CONFERENCE Size Figures.

ETCHED SCENES

For the customer who wants sport scenes and designs on his trophies at a very reasonable cost, etching is ideal. Our method produces a vivid clear picture outstanding in its impressiveness. In addition to the regular scenes available, special scenes can be drawn at $10.00 NET per subject. Anything that can be drawn in pen and ink can be reproduced by etching.

Trophies etched with any of our regular scenes (or special scenes after the drawing is made) $3.50 extra.

Etchings are supplied in two sizes: 2¼ inches or 3¼ inches. Trophies are etched only as ordered. Order Cups or Trophies by catalogue numbers and specify etchings by name.

Only a few of the etchings available are illustrated. A complete list is given on the following page. Write for information about any etching not shown here.

In order to obtain best results, all etching is done before plating.

ENGRAVING STYLES

When ordering an engraved inscription, be sure to typewrite or print the wording exactly as you want it. We will make every effort to follow any line by line arrangement you give us, but we reserve the right to alter such arrangement whenever the size and shape of space on the Prize Cup or Trophy makes it necessary. You may rest assured however that the work will always be done in the best possible manner from the standpoints of both artistry and craftsmanship.

As this engraving is all handwork, allow sufficient time for it to be done according to our accustomed high standards. The prices below apply to the four styles of hand engraving shown. When ordering, be sure to specify the style or styles you desire — otherwise it is understood that we shall use our own judgment.

No. 1 Block, per letter or numeral .....

No. 2 Script, per capital letter .....

GENERAL INFORMATION

COVERED TROPHIES — With the exception of T471S Series (page 17); T11778 Series (page 19); and the four Series shown on page 21 — all covered trophies are equipped with the "Holdtite" (patented) feature . . . which prevents covers from falling off . . . an exclusive feature with the covered trophies in this catalogue. This is especially appreciated at presentation times when recipients are apt to tip the trophy to read the inscription and examine other details.

ETCHINGS — See pages 62 and 63.

FIGURES — These are interchangeable and come in two sizes — STANDARD Size, approximately 7 inches high — and CONFERENCE Size, approximately 5 inches high. The index on pages 3 and 4 lists all figures with their heights, available at time catalogue went to press. If you do not find the figures you desire, write for information, as new figures are constantly being added.

A Special Size line of figures, averaging 3½ inches in height, are illustrated on page 16. These figures can only be used on trophies shown on page 17 and the T1651 Series on page 35.

HEIGHTS given are for complete trophy as shown. Interchangeable Figure Trophies are measured from bottom of pedestal to top of figure illustrated and heights will vary according to figure selected.

To determine the over-all height of a trophy with a different figure . . . take the difference between the height of figure illustrated and figure desired (all figure heights given on pages 3 and 4).

SUN-METAL — A solid metal known in the trade as commercial bronze. When highly polished it takes on a finish similar to 14-karat gold.

FINISH — Any trophy in this catalogue can be furnished in SILVER PLATE, with choice of luster grey or polished bright finish — or in brightly polished SUN-METAL FINISH. All trophies are lacquered after finishing.

24-KARAT GOLD PLATE can be applied over the silver plate for about 75% extra (depending on current gold market quotations, also on the amount of plate desired).

MOUNTS — See pages 60 and 61.

PEDESTALS — Both Black and Ivory Bakelite Pedestals are made of their respective colors throughout. Unless preference is specified when ordering, black will be furnished.

TARNISH-RESISTANT BAGS of grey flannel, with drawstring, for trophy protection, **are furnished only on request,** at from 10 cents to $1.50 **net,** depending on size.

WHEN ORDERING — Be sure to specify all details of finish, color of pedestal, interchangeable figure (name and number) . . . and any other important data appearing on catalogue page from which the trophy is selected.

PRICES
